The Philippine Embassy warns the public of dealing with companies that are involved in advance payment scams especially those that are supposedly engaged in the supply of paper.

In particular, the following companies were found by the Department of Trade and Industry of the Philippines to be engaged in similar illegal activities:

- Shin International Export Company
- Shin Premier International Merchant
- Shin Pulp Papers Supply
- Fushin International Enterprise
- Sheen Papel

It is strongly advised that clients/business entities exercise due diligence before transacting with any company.
